10th EDITION

OCTOBER 28 + 29, 2025

CENTRE DES CONGRÈS
DE QUÉBEC

STOCK UP ON INNOVATIVE IDEAS!

It is with great pleasure that we welcome you to the 10th edition of Expo Design in Quebec City! This year's show promises exciting new insights for architects, designers, cabinetmakers, woodworkers, manufacturers, distributors, contractors, and other industry professionals.

Dedicated to interior and exterior design materials, Expo Design has become the must-attend event for those seeking inspiration, innovation, and networking opportunities. With over 90,000 ft² of exhibition space comprising more than 80 exhibitors, and three conference stages, you'll have the unique opportunity to gain valuable knowledge, network, and explore the latest innovations. Our exhibitor lineup showcases a wide range of the industry, from leading material manufacturers and distributors to interior design products, digital technology providers, trade associations, and builders/promoters. Don't miss the free conferences organized by La Pièce, along with exhibitor-led sessions featuring product presentations, training, and networking opportunities.

Adding to the excitement this year is the highly anticipated Mōnuma gala, presented by La Pièce on the evening of October 29, just a short walk away at the Théâtre Capitol.

We extend our sincere thanks to our new and long-standing partners. Your continued support has helped Expo Design grow into the vibrant and dynamic event it is today, while new collaborations have enriched and expanded our offerings to the design community.

This year's edition is set to exceed expectations, offering inspiration, valuable insights, and meaningful industry connections to help propel your business forward.
